SPECIAL PRICE LIST NO. 123

SINCE 1867

AUGUSTINE & COMPANY INC.
NURSERIES

LANDSCAPE-ARCHITECTS
NORMAL ILLINOIS

*This Paper
Is Made
of Cornstalks*

Larger production and continued improvement in methods of propagation makes possible the growing of better plants at a saving in cost which again we are glad to pass on to our customers.

We grow practically all our nursery stock from the beginning either from seed, bud, cutting or graft, getting our seeds from many European countries, the U. S. and Asiatic countries direct, and by doing this propagating ourselves with experienced plantmen we are able to offer better stock as well as reduced prices.

Terms: Cash with order. Customer pays transportation charges.

Small Orders: At our reduced prices, orders for less than \$5.00 are usually handled at a loss. Please try and make your order at least \$5.00.

How to Order: Write plainly on the enclosed order blank, fill in your name, address and the point to which you wish the stock shipped. Be sure to state the variety or kind wanted and the size of each. Carry out the prices, extend the totals, and attach remittance.

Inspection: Our stock is carefully inspected by the State Nursery Inspector and a certificate of inspection accompanies each shipment.

Changes in Orders: It may be necessary to make some changes in size and variety of trees and plants ordered, unless customer definitely states that it will not be permitted. Changes, if made, will be under the direction of our expertly trained men and equal or superior sorts will be sent, and labeled correctly. We do not replace stock that fails to live. Possible neglect of planter and unavoidable climatic conditions prevent guaranteeing trees and plants to grow.

Special Notice: Each rate—in buying fruit trees, small fruit, etc., less than 10 go at “Each” rate.

10 rate—10 or more of a kind, variety and size go at the 10 rate.

100 rate—30 of a kind, or more, and not less than 10 of a variety, go at the 100 rate.

1000 rate—300 of a kind, or more, go at the 1000 rate.

Order early while the assortment is complete, and we will forward your shipment at the proper time for spring planting, or whenever you may direct.

The varieties we most highly recommend are printed in *italic type*.

Illustrated literature on “How, When, Where and What to Plant” as well as “Landscape Gardening Helps” mailed free. Just drop us a card, or a phone call. 5513-J.

Large orders should be submitted for prices on entire list.

APPLES

	Size	Feet	Each	10	100
	3-4	\$.40	\$3.00	\$25.00	
	4½-6	.60	5.00	40.00	
	5-7	.80	7.00	65.00	
Heavy	6-8	1.00	9.00	85.00	

PRINCIPAL VARIETIES

WINTER

Delicious, large rich red, high quality.
Grimes Golden, yellow, medium size, highest quality.
Jonathan, handsome red, tart, best of its class.
Mammoth Black Twig, large, solid, almost black, excellent.
McIntosh, similar to Snow, later, hardy.
N. W. Greening, big, golden when ripe, valuable.
 Good commercial variety.
Northern Spy, large, striped, crisp, juicy, aromatic.
Rome Beauty, striped, splendid, commercial sort.
Stayman's Winesap, dark red, high quality, fine.
Talman Sweet, golden, sweet, long keeper.
Winesap, tart, red, very popular.
Winter Banana, yellow with attractive blush, good quality.
York Imperial, striped, red and yellow, fine. Long keeper. Very high quality.

FALL

Fameuse (Snow), red, tart, excellent.
Maiden Blush, red cheek, good cooking and eating.
Wealthy, heavy bearer, fine every way, striped red.

SUMMER

Chenango (Strawberry), medium to large red stripe, spicy flavor, fine.
Duchess, early, striped, tart, fine cooking.
Red Astrachan, large, red, fine cooking, early.
Yellow Transparent, very early, medium size.

CRABS

Hyslop, large, red, excellent.
Transcendant, productive, bright red.

APRICOTS

	Size	Feet	Each	10	100
Russian, hardy.....	3-5	\$1.00	\$9.00		
First Grade.					

CHERRIES

	Size	Feet	Each	10	100
	3-4	\$.65	\$6.00	\$50.00	
	4-5	.80	7.50	70.00	
Select	5-6	1.10	9.00	85.00	

We grow cherries in large quantities, as fine as can be grown in America.

Cherries are not being planted as much as they should be and the price of fruit has more than doubled and is bound to go much higher. Plant now.

SOUR

Early Richmond, sometimes called Early May, the heaviest and most dependable bearer of all cherries.
Montmorency, ten days later than Early Richmond, larger and better, not quite as heavy bearer but should be in every planting of cherries.

SWEET

Bing, large dark red.
Black Tartarian, large, high quality.
Royal Duke, the one best sweet cherry for Illinois, large, black, enormous yielder and highest quality. 25c each per tree more than other varieties.

MULBERRIES

	Size	Feet	Each	10	100
Russian, hardiest, heavy fruiting.	4-6	\$.60	\$5.00		

PEACHES

We grow large quantities of peach trees annually. The following varieties are best for hardiness, quality and yield.

	Size	Feet	Each	10	100
	3-4	\$.35	\$3.00	\$25.00	
	4-6	.55	5.00	45.00	
Heavy select trees	6-7	.80	7.50	70.00	

VARIETIES

Alexander, white, very early, July.
Belle of Georgia, white, July-August.
Champion, best white flesh peach, August.
Carman, white, good, just before Champion, August.
Crawford, late, yellow, free, September.
Elberta, yellow, high quality, August.
Fitzgerald, yellow, high quality, August.

Hale, yellow, longest keeper, August.
Greensboro, white, ripens before Carman, July.
Heath, white, cling, the most prolific, October.
Lemon, cling, yellow, September.

PEARS

	Size Feet	Each	10	100
Sudduth, all sizes.....		\$1.50		
Standard Varieties.....	4-5	.80	\$7.50	\$70.00
Standard Varieties.....	5-7	1.10	10.00	90.00

VARIETIES

Sudduth, enormous bearer, free from blight. Introduced by us, the hardest and most remarkable pear grown.

Flemish Beauty, September-October.

Garber, September.

Keiffer, long keeper, October-December.

Lincoln, high quality, rich, yellow, September.

Originally introduced by us, the finest quality large pear for Middle West. Similar to Bartlett in size and quality.

Seckle, russet, small but highest quality, September.

DWARF PEARS

Duchess, large, fine dwarf, September.

Seckle, an excellent dwarf variety.

PLUMS

	Size Feet	Each	10	100
Assorted Varieties.....	3-4	\$.65	\$6.00	\$55.00
Assorted Varieties.....	4½-6	.80	7.50	70.00
Wilson, special.....	4½-6	1.50		

VARIETIES

JAPAN PLUM

Burbank, large, red, solid, yellow flesh.

IMPROVED NATIVE PLUMS

Surprise, red, large.

Terry, red, large, high quality.

Wild Goose, red, heavy yielder.

Wilson, new, red, superior and heavy bearer.

EUROPEAN PLUMS

Damson, blue, prolific, fine preserving.

Imperial Gage, green, high quality.

German Prune, blue.

Lombard, blue.

Light	1½-2	.25	2.25	20.00
Heavy	1½-2	.30	2.75	25.00
Heavy	2-3	.35	3.25	30.00
Heavy	3-4	.45	4.00	35.00

Regel's (*Ligustrum Regelianum*)

True type, spreading, one of the most beautiful dark green foliage shrubs grown, endures shade.

Size	Feet	Each	10
1½-2	.50	4.50	

PRUNUS TRILOBA (*Plum Flowering*)

Brilliant, large, double pink blossoms in profusion.

Size	Feet	Each	10
2-4	\$1.00		
4-5	1.25		

QUINCE JAPAN SCARLET—See

Cydonia Japonica

RHODOTYPUS KERRIOIDES

(*White*) (*Jetbead*)

	Size	Feet	Each	10
Excellent light green foliage,				
does well in shade, black	1½-2	.45	4.00	
seeds.	2-3	.55	5.00	

RHUS (*Sumac*)

<i>Glabra</i> (<i>Smooth Sumac</i>)				
Beautiful brilliant foliage	2-3	.50	4.50	
in the fall.	3-4	.60	5.50	
<i>Typhina Lacinata</i> (<i>Shredded</i>				
<i>Sumac</i>). Long, fern-like	1½-2	.50	4.50	
leaves, very ornamental.	2-3	.60	5.50	

ROSE OF SHARON—See Althea.

RUSSIAN OLIVE (*Elaeagnus An-*

gutifolia)

Small tree, bright silver foliage.	2-3	.45	4.00	
------------------------------------	-----	-----	------	--

SAMBUCUS—See Elder.

SNOWBERRY—White (*Symphor-*

carpos Racemosus)

Dwarf. The Snowberries all do well in shady

locations.

Masses of white berries

during fall and winter.

Red (*Symphoricarpos Vulgaris*)

Good red fruiting shrub,

grows in shade.

SNOWBALL COMMON (*Viburnum*

Opulus Sterelis)

Old fashioned Snowball.	1½-2	.50	4.50	
	2-3	.60	5.50	

SPIREA

Anthony Waterer (*Dwarf Red*

Spiraea). Dwarf growing, red

flowers all summer, excel-

lent shrub.

Bumalda (*Dwarf Pink Spiraea*)

Blooms all summer.

Billardi (*Billardi's Pink Plume*

Spiraea). Large spikes of

pink bloom all summer

Collosa Alba (*Dwarf White*

Spiraea). Similar to Anthony

Waterer in type, white

blossoms.

Froebeli (*Froebel Spiraea*)

Medium dwarf, deep pink,

free blooming, one of the

best.

Multiflora Arguta (*Snowgarland*

Spiraea). Blooms earlier than

Bridal Wreath, similar but not

so tall growing, the best

of its class.

Opulifolia (*Ninebark Spiraea*)

Tall growing, good for

border planting.

Thunbergi (*Thunberg Spiraea*)

Dwarf, fine, light green

foliage, excellent.

Van Houttei (*Bridal Wreath*)

The well-known and most

popular shrub grown, every

branch filled with masses of

white bloom in spring.

SUMAC—See Rhus.

SYMPHORICARPOS—See Snowberry.

SYRINGA (*Philadelphus*)

Boquet Blanc

Sweet scented, dwarf type,

very profuse, fine, large

double flower, new, val-

uable.

Grandiflora scentless Philadel-

phus). Tall-growing, late,

large bloom.

Lemoine (*Dwarf Philadelphus*).

Refined, sweet scented,

profuse blooming.

Mock Orange (*Philadelphus*

Coronarius). The popular,

sweet scented Mock Orange.

Mont Blanc (*Philadelphus Mont*

Blanc). Medium white,

very profuse bloomer,

sweet scented.

Virginal (*Philadelphus Virginal*).

New, very large, double, white

blossoms, sweet scented, blooms

throughout the summer.

SYRINGA—See Lilac.

TAMARIX

Aestivalis

Feathery blue foliage,

pink bloom.

Plumosa Japonica (Juniper Tam- arix). Similar to above, silver blue foliage.	2-3	.40	3.50
	3-4	.50	4.50
	4-5	.60	5.50

VIBURNUM

<i>Dentatum</i> (Arrow Wood)			
Glossy green foliage, free blooming, clusters of black berries in fall.	1-1½	.50	4.00
	1½-2	.60	5.00
	2-3	.70	6.00

EVERGREENS

We grow quantities of evergreens and have the largest plantings in the central part of the state. These popular trees are just beginning to be appreciated for landscape work. They add warmth and color in the winter and coolness and dignified beauty in summer. A visit to our nursery you will find well worth while. We grow many rare and beautiful new kinds. Send for special Evergreen Booklet.

All evergreens are dug with ball of earth attached, and burlapped to hold same in place, without extra charge. All evergreens 3 to 4 times transplanted.

End of Season Sale

--at less than half price

We carry large quantities of Shrubs, Fruit Trees and Plants in perfect dormant condition in our cold storage cellar each spring to supply our trade. Naturally we have varying quantities of stock on hand at the close of the shipping season necessitating replanting.

We are going to give our friends and customers an opportunity to buy this stock at less than half price.

These collections will contain plants that will be more than double in cash value the price asked. They will consist of our regular high quality stock in perfect condition for planting. We select the varieties that go into each collection from our surplus. Each variety in every collection will be correctly labeled.

No packages will be made up or shipped till May 10, after which date, all orders for collections booked will be carefully packed and shipped as promptly as possible.

LANDSCAPE SERVICE

Our Landscape Department is organized to design and develop all classes of landscape service, including formal gardens, home grounds, parks, cemeteries, real estate subdivisions, large estates, school, university grounds, city plans, etc.

Do not hesitate to call upon us for this service in the development of your landscape problems either large or small. We will design and develop for you your work in its entirety or should you wish to develop your own grounds or estate through a pe-

riod of years, we will assist you by supplying a working design which may be carried out from year to year.

The shrubs, plants and evergreens we use in our development are grown by us in our own nurseries and are already acclimated to the conditions found in the central west. This combination of nursery stock grown in our nurseries together with our complete landscape service enables us to give the best landscape service in all its branches obtainable in the middle west.

SMALL EVERGREENS FOR ROCK GARDENS

A rock garden without small evergreens is not complete. The Dwarf kinds marked D may remain for years in the garden while the larger growing kinds marked L after a few years can be planted out in the yard if desired.

These little evergreens are all selected plants, mostly transplanted one or two times, and carefully handled.
